Sir,

C In continuation of this office No.C.28 dated the 8th April 1917, I have the honor to forward, herewith, copy of letter No.579 dated the 25th April 1917, from the Head Master, Engineering School, Mysore, regarding holding an examination to the Assistant Commissioners undergoing training, in the Engineering School, Mysore.

D 2. The Government Order No.13817-19/G.M.327-16-1 dated 12.4.1917 refers to the two students only of the first batch of Assistant Commissioners and as the training period of the third student of that batch Mr.Rudrappa, will be over by the end of May, I have in anticipation of Government sanction requested the Head Master to have examination for him similar to the other two Assistant Commissioners.

3. After due consideration of the subject I have come to the conclusion that a proper examination at the time of leaving the Institution is quite essential in the case of

Letter No.579 dated 25th April 1917 from the Head-Master Government Engineering School, Chamarajendra Technical Institute, Mysore, to the Chief Engineer of Mysore, Bangalore.

In connection with the examination for the probationary Assistant Commissioners at the end of their training in Elementary Engineering, I have the honour to state that your letter C.22 dated 6th April 1917 contemplates that the examination is to be held for all probationary Assistant Commissioners under training. But the G.O. No.13817-19/G.M.327-16-19 dated 12th April 1917 approves of the examination only for two officers of the 1st batch, who left the Engineering School on the 15th of April 1917.

2. There is one more officer of the 1st batch (Mr.G.Rudrappa, M.A., Bar-at-law) still under training, whose course will be finished by the end of May 1917 and a second batch of 7 Assistant Commissioners are ordered to undergo training from the 15th of May 1917.

3. I therefore request to be informed if an examination is to be held for these latter officers also. If so, general Government Order - - approving of the examination for all the probationary Assistant Commissioners under training in Elementary Engineering at the end of their training may kindly be obtained.

4. In anticipation of Government Order I request you to kindly approve of holding an examination to Mr. Rudrappa at the end of his course which will be completed by the end of May 1917 (as per your letter C/22 dated 6th April 1917).

5. All papers connected with the subject are herewith enclosed for ready reference and may kindly be returned when done with.

With reference to your No.3975 dated 18-4-1917 forwarding copy of G.O.No.P.12975-13004/G.M.327-16-15 dated 2nd April 1917, selecting certain probationary Assistant Commissioners for the training in Elementary Engineering, I have the honour to state that the Government order states that the probationary Assistant Commissioners should report themselves to the Superintendent, Chamarajendra Technical Institute.

2. The Government are, I am sure, aware that these officers are to be trained in the Engineering section of the Chamarajendra Technical Institute which is solely under the control of the Headmaster of the Engineering Section and quite independent of the Superintendent of the Chamarajendra Technical Institute.

3. In fact, the Superintendent of the Chamarajendra Technical Institute has nothing whatever to do with the training of the probationary Assistant Commissioners. This arrangement, viz., that the probationary Assistant Commissioners should be under the control of the Superintendent of the Chamarajendra Technical Institute while they are being trained under the Headmaster, Engineering School, is, I am afraid, very inconvenient with regard to correspondence, travelling allowance, etc., pertaining to the Assistant Commissioners.

4. I therefore request that you will kindly move the Government and have the word "Superintendent" altered to "Headmaster, Engineering Section" in their order quoted above.
